York Commercial Advertiser, November 17th. 1859 :- "For the better part of a generation they have been constantly before the public, all of them, old and new, proving, by their stability and constancy, the skill with which they are constructed. For durability of tone, for evenness and uniformity of work, and for excellence of frames, these PIANOS may well challenge competition. We know instruments of Mr. Worcestor's turn out, that have borne the thumping of fifteen years, and remain as perfect in tone and in build as in their first estate. The number made at this Factory is largely increased from year to year." I am sole Agent in Alexandria, for the above PIANOS, and will furnish any number at Factory prices, 5 per ct. off for casu, or at six months for approved negotiable paper, and WARRANT every Instrument. Feeling perfectly satisfied that a better PIANO cannot be had in the United States. I respectfully solicit orders from all who want,
